GRADUATE RESEARCH EXPERIENCE

Language and Cognition Lab (PI: Benjamin Bergen, Ph.D.) UC San Diego, 2023 – Present.

i. Started a Project on cultural diversities in emotion word semantics

Human Factors Psychology Lab (PI: Sowon Hahn, Ph.D.) Seoul National University, 2020 - 2023

- i. Launched and led three collaborative projects
 - The effect of promoting higher emotional clarity on neuroticism and well-being: the mediating effect of emotion regulation. Jul. 2022 Present.
 - Age and gender differences in loneliness during COVID-19: Analyses on large cross-sectional surveys and emotion diaries. Apr. 2021 Aug. 2022.
 - Web-scraping the Expression of Loneliness during COVID-19. Nov. 2020 Jul. 2021.
- ii. Participated in three funded research projects

SNU Diversity Council 2030 Development Plan Establishment Study, *Seoul National University Diversity Council*. Oct. 2021 – Feb. 2022.

• Evaluated shortcomings of current Seoul National University diversity policies and investigated examples of the strong diversity policies, which laid a foundation for designing the future 10-year diversity policy of Seoul National University

AI-based Online Personal Psychological Monitoring & Management System. *Seoul Business Agency*, Dec. 2020 – Feb. 2022.

- Developed CBT (Cognitive-Behavioral Therapy) and RT (Reality Therapy) based human-chatbot dialogue flows
- Built approx. 1000 training datapoints for training chatbot model

COVID-19 Psychological-Aid Dataset: Implications of Psychological Theory of Personality, Empathy, and Loneliness. *Kdata*, Sep. 2020 – Dec. 2020.

- Designed the dataset to measure Koreans' psychological state during COVID-19
- Designed and led 8 workshop sessions to instruct the data labelers on how to label theory-of-mind levels from given text data
- Inspected approx. 8000 labelled text entries to ensure the accuracy of the labels

UNDERGRADUATE RESEARCH EXPERIENCE

Human Factors Psychology Lab (PI: Sowon Hahn, Ph.D.) Seoul National University, 2019 - 2020.

- Conducted literature reviews on factors affecting trust in Human-AI interactions
- Preprocessed data for statistical analyses using Excel and R

TEACHING EXPERIENCE

[Teaching Assistant] Introduction to Psychology, Seoul National University. Spring 2021.

- Led weekly group discussions and workshops (Virtual, in English)
- Graded essays and exam responses of 80 students

WORK EXPERIENCE

[Editorial Secretary] Korean Journal of Cognitive Science, The Korean Society for Cognitive Science. Jan. 2022 – Jan. 2023.

• Managed the journal's review and quarterly publication processes

[Intern] C.lab (Startup Incubation Program), Samsung Electronics. Jun. 2019 – Aug. 2019.

- Worked for HAXBY (AI-based math learning assisting application) team
 - Designed the user experience (UX) of application pages providing math assistance and user analysis results for better usability for both students and teachers
 - Assisted in-person user test with a prototype and analyzed the limitations of the current functions and designs of the app

SKILLS

Language

Korean Native proficiency

English Full professional proficiency (GRE: V163/Q170/W4.5)

Programming & Data Analysis

Python Preprocessing (pandas, numpy, nltk, spaCy), Web-scraping (BeautifulSoup, selenium,

> requests), Machine learning & Deep learning (gensim, pytorch, huggingface), Visualization (matplotlib), Large Language Models (OpenAI api, LangChain) Preprocessing (dplyr), Statistical analyses (psych, sem), Visualization (ggplot2)
